A meeting to form a Yacht Club will be held at the USO Thursday. A preliminary meeting was held recently at the home of William Criss.

It is not necessary to own a boat to join the club. The meeting will begin at 8 pm.

Mt. Trident Active Again

A report of an increase in volcanic activity around Mt. Trident was investigated early this week by a Kodiak Naval Station plane.

Observers returning from the area reported a slight increase in smoke and steam at Mt. Trident and a slight discoloration on new snow. Ash was reported at Larsen Bay and smoke was observed from the Navy Base here.

In February Mt. Trident came to life with a roar. For several days smoke blanketed

most of the Katmai National Monument area and volcanologists and other specialists flew to the area.

A recital by piano and accordion students of Mrs. Dorothy S. Anderson will be heard November 12 at 8 pm at the U. S. O.

Further details will be published in next week's Mirror.

Lee C. Bettinger returned to Kodiak from Anchorage for one day this week. He plans to fly to Washington where he will represent Kodiak, Anchorage and the League of Alaska Cities in various matters.

You've probably never thought of yourself as the "extra-income" type—one who could enjoy that good feeling of having money pile up even when you're not working.

But you can have extra money that goes on making more and more money for you, day after day. No matter how small your salary is, too.

All you have to do is sign to invest in U. S. Savings Bonds on the Payroll Savings Plan. You'll find it's the easiest way in the world to save money and to make money!

Just ask any of your friends now on the Payroll Savings Plan. They'll tell you that, after you sign for Payroll Savings, you tend to forget how much money is steadily being accumulated for you. Apparently, it's human nature to not miss money you've never had in your pocket . . . never even seen. Then, surprisingly soon, you own a Bond! Then another, and another. And before you realize it, you have that nest egg you've wanted for years.

Remember, you can save as little as a couple of dollars a payday on the Payroll Savings Plan. Or, you can save as much as \$375 a month. Your money is invested in U. S. Savings Bonds for you, and the Bonds turned over to you. Best of all—those Bonds can now earn 3% interest for as long as 19 years and 8 months, if you want them to. That's more money than they've ever earned before.

Today—this very day—make that move you've probably been putting off for months. Ask, where you work, to sign an application blank for the Payroll Savings Plan. Or, if you're self-employed, go to your bank and have your banker start you in the automatic Bond-A-Month Plan. You'll find it as simple as the Payroll Savings Plan.

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately	
	\$1,000	\$5,000
Each week for 5 years, save	\$3.75	\$18.75
Each week for 9 years and 8 months, save	\$1.95	\$8.80
Each week for 19 years and 8 months, save	\$0.75	\$3.75

This chart shows only a few typical examples of how you can reach your savings goal through Payroll Savings.

This is you- earning extra money!
